# Vizsla Canada Archives DVDs Available For Purchase

*Because history should be shared!*

The DVDs contain electronic copies of the contents of the Vizsla Canada Archives: Over 250 photos and around 600 documents including old pedigrees, registration papers, letters, items pertaining to 4 different Canadian Vizsla clubs and an unfinished book manuscript. Many of the items come from the collection of Dr. Kemenes-Kettner (Bakony Kennels), one of the first Vizsla breeders in Canada. The “jewel” of his collection is an article written by Mihály (Mike) Kende which describes the renewal of Vizsla breeding in Europe after WWII, listing the bloodlines that were used to re-establish the breed. This document was thought by the European Vizsla community to be lost until a Hungarian ‘expat’ happened upon it within the VC archives in 2010 and called it “the missing link of Hungarian Vizsla history”!

DVDs can be purchased through our website for \$25+\$3 shipping.

If you own the original CD with just 300 files, you can ‘upgrade’ to the DVDs for a \$10 donation to the club on this same page. Note what the donation is for when checking out.
